## Ask Ike To Act On Farm Prices

GOP Governors Seek Emergency Measures

DES MOINES, Mo.—Republican governors of the Midwest corn belt, politically conscious of 1956, have petitioned the Eisenhower administration for quick action "to restore to the farmer his fair share of the national income."

A four-point program asking for adoption of "short term emergency measures" to bolster sagging farm prices, was adopted here Friday at a conference attended by the governors or their representatives from the leading hog producing states.

One of the major proposals was for a federal program of food purchases "for use and not for destruction."

A resolution adopted by the governors did not specifically mention hogs but participants agreed they would like to see Secretary of Agriculture Benson institute a prompt

givers remained in hospitals, some reported in critical condition. The dead were identified by state police as four women and two men.

Most of the passengers on the bus, on an express run from Chicago to New York, were believed asleep at the time of the crash, about 12:40 a. m. EST, state police said.

**Flashed Flare**  
Harry Williams, 43, the truck driver, said he flashed a flare as a warning to the oncoming bus on U.S. 20, a four-lane highway, about six miles east of Michigan City but the driver apparently did not see it.

Williams said he had halted his truck, loaded with 15,000 pounds of freight, to repair a broken air line and had set out four flares.

"After repairing the air line," Williams said, "I went to the rear of the truck to pick up the last lighted pot when I saw the bus approaching."

"I kept waving it so the driver would see it."

"I kept thinking, 'My God, isn't he going to turn! Isn't he going to turn!'"

"Then I knew the bus was going to hit the truck and I started running. I got about 20 feet from the truck when the bus hit. I was knocked down by the debris."

**Sheared Right Side**  
Police Capt. Ogden Jarvis of Michigan City, who arrived on the scene shortly after the crash, said off the right side of the bus from the impact of the crash sheared

## E. Liverpool Jail Prisoner Sent On Errand—Still Gone

EAST LIVERPOOL — A Wellsville man being held in city jail here as a Columbiana County prisoner fled on a bicycle Friday afternoon when police sent him across the alley from city hall to make a purchase in a hardware store.

The escapee is John D. Binigar, 28, of Third S., Wellsville, under indictment by the September grand jury on a burglary charge in connection with the breaking and entering of the Delposen Garage on Commerce St., Wellsville last July 28.

Indicted in the same case were Raymond and Floyd McWilliams brothers, of MacDonald Heights, Wellsville.

Police said Binigar was on a "trusty" status and had been working for several days on equipment in the police garage. He disappeared about 3 p.m. when he was given money and told to buy a box of scouring pads at the King-Eells Hardware, across Peach Alley from city hall.

Fellow prisoners told police Binigar rode away on a bicycle taken from the police garage. He was clad in the blue striped overalls worn by county prisoners, plus a white hat.

Returned to the jail by Humphrey, safely into the fourth week of convalescence, holds another Cabinet level hospital conference today with joyful observance of his 65th birthday still fresh in mind.

Secretary of the Treasury Humphrey was flying in from Washington for an afternoon bedside meeting with the President. Humphrey planned a news conference later at the Denver White House.

The Eisenhower-Humphrey talk probably will deal with federal budget problems, particularly administration officials' fading hopes for bringing spending income and outgo into balance for the fiscal year ending June 30. The President hasn't discussed such matters since he suffered a "moderate" heart attack three weeks ago today in the early morning hours.

Returning to Denver with Humphrey was Eisenhower's chief deputy, Sherman Adams, who has been shuttling between here and Washington as top liaison man between officials in the capital and the recuperating President.

A car driven west on the Damascus Rd., a mile west of Salem, by Wayne L. Oesch, 31, of RD 1, Salem, struck the rear of an auto operated by Lloyd C. Horn, 40, of MC 1, Salem, at 3:40 p.m., while Horn was stopped to make a turn.

**25 Persons Injured In Plunge Of Bus**

MONSON, Mass. (AP)—Twenty-five persons, including 2 University of Massachusetts students, were injured Friday night when their chartered bus hurtled through a barrier on a temporary bridge and dropped into a gully.

The bus driver, 13 members of the University's soccer team, and their coach were taken to Wing Memorial Hospital, Palmer. Five were treated at the scene.

The bus, traveling over Route 32 in a driving rain, ploughed into the structure and hurtled eight feet into Conant Brook. State Police said warning lights in the area had been knocked out of position by an automobile which passed over the bridge shortly before.

## Late Bulletin

A Salineville man and woman were reported to have been killed when an explosion shattered the home of Mervin Buxton at the west end of Salineville shortly after 10:30 this morning.

The body of a woman was found in the wreckage shortly after the blast, but searchers still were probing the debris for Buxton.

Buxton, aged about 57, is a coal dealer in Salineville. The unidentified woman was reported to have been his housekeeper.

Cause of the explosion was not determined immediately. The home was not served with natural gas, it was learned.

Salineville police and sheriff's deputies are investigating.

## Sheppard Asks Supreme Court For Freedom

COLUMBUS, Ohio (AP)—In a new bid to free convicted wife-slayer Dr. Samuel H. Sheppard, attorneys have filed a 504-page brief with the Ohio Supreme Court.

The action came yesterday, a normal day in the prison life of the 31-year-old osteopath who is now working as an auto mechanic at Ohio Penitentiary. A jury found him guilty last Dec. 21 of the July 4, 1954, murder of his pregnant wife, Marilyn.

The thick volume was laden with photographs and sketches of Sheppard's suburban Bay Village home, reproductions of newspaper headlines, and other materials. With it was a 111-page appendix dealing with action taken last July 11 by the court of appeals.

In Cleveland, Saul S. Danaceau, assistant county prosecutor, said the bulk of the defense brief will delay an early reply by the state.

Sheppard's attorneys must convince the high court that his constitutional rights had been violated in order to obtain his release.

The law allows the state 15 days to file a reply, but the prosecution may ask for an additional 30 days.

## Seaboard Hit By High Winds, Heavy Rains

Up To 5 Inches Of Rain Falls; Flooding Closes Some Roads

NEW YORK (AP)—A rampaging storm of near hurricane violence blew itself out today but left a trail of 16 deaths, flooded homes, wrecked utility lines and highway washouts along the East Coast.

A huge section of the eastern seaboard was buffeted Friday night by winds of near hurricane force at times plus home-flooding downpours and thundering tides.

The storm deaths occurred in automobile accidents resulting from hazardous driving conditions, electrocutions from falling wires and the capsizing of boats.

New York state listed 7 deaths, Pennsylvania 4, Connecticut 2, New Jersey 1, Massachusetts 1 and Maine 1.

For a time last night the battered area faced the chance of being hit by a second soggy blow. The Weather Bureau reported early today, however, that this second storm had failed to develop. It had previously cautioned that one might be brewing off the Carolina coast where the previous storm was born.

Strong winds, with gusts nearly up to hurricane force (75 m.p.h.), lashed areas that measured 5 inches in some places along yesterday's storm path. Roads were blocked, power lines broken and homes evacuated when floods threatened.

The storm, however, lacked the punch of hurricanes that pounded the area in late summer and early fall. It was technically described as an "extra-tropical cyclone," a storm formed outside the tropics by conflicting warm and cold air bodies. A hurricane is generated by warm air in the tropics.

The storm struck on the eve of the first anniversary of hurricane Hazel and generally followed her path up through central Pennsylvania toward Canada. By early morning, the Weather Bureau placed the storm center in northwest Pennsylvania, where its winds were reported somewhat diminished.

By veering inland from the coast, the rain-heavy gale spared much of New England. The area, flood-conscious since Hurricane Diane nearly two months ago, had feared a heavy deluge but in general got only a light rainfall.

High tides still caused some flood damage in Providence, R.I., where a waterfront parking lot was inundated, and in Norwalk, Conn., where rising tides trapped 80 families, but posed no immediate threat to their lives.

Local flooding closed roads throughout Pennsylvania and New York.

In eastern Pennsylvania, still reeling from damage inflicted by floods in the wake of Hurricane Diane, one temporary bridge was knocked

# Bible Words for Today

JOHN 15:7—"If you abide in me, and my words abide in you, ask whatever you will, and it shall be done for you." (RSV)

This promise of the Master, is often thought to be universal and limitless. For this reason it is frequently discounted and not taken seriously. However, it is such only to those who do not read carefully or think deeply. The promise is definitely limited, and practically related to a very few people. Like all promises, it rests on a condition, and the condition here is drastic. In simple language it means that the Master must dwell within the individual as One who controls completely, and whose teachings have been fully translated into daily action. This means a life entirely given over to Him and His purposes. In such a situation, His will becomes the will of the individual. If He is all-powerful, and all-loving, it becomes most natural and most likely that when such things are asked of Him, they will be given. The promise is sure and certain, in its real meaning and purpose. If we meet the conditions, the answer is certain. Spiritual laws are just as dependable as natural laws. In each case the conditions must first be met.

## The Golden Key To Happiness

A great deal is written these days about "problem-solving" — the techniques of finding solutions to those difficulties which beset the personality.

Authorities on this question seem to agree on one point. To deal effectively with a problem, you must have a key. So, I want to tell you about a golden key which many have used most effectively in unlocking their personalities and thus entering into a more satisfactory life.

A business man had a top employee whose work was growing worse and worse. Where this man had formerly been a hard and forceful worker, he was now definitely declining in efficiency. It was obvious to the employer that personal affairs were so much on his mind that they were adversely affecting his usefulness to the organization.

So my friend finally had to call in the man and ask him what was wrong.

"I have a great many things bothering me," the man said, "and, in addition, my wife is sick."

"What's wrong with your wife?" the employer asked.

"I don't really know," was the answer. "The doctors can find nothing organically wrong, but still she is sick all the time."

MY FRIEND SUGGESTED that possibly he could help him. He asked the man to bring his wife to the office to see him. The man did so and the three of them sat around a conference table and talked. The wife would present her problems, the husband would add others, and the problems began to pile up, so much so that it was apparent that this couple was completely swamped by their many difficulties.

This confusion, it later appeared, had overwhelmed the wife, personality had retreated, and thus she felt and acted ill. The domestic problems, added to the business

responsibilities of the husband, had overburdened his energies, thus reducing his efficiency on the job. Fortunately, the employer had been reading a book entitled "The Golden Key" by the late Emmet Fox. In this book, Dr. Fox advocates the simple technique of thinking a problem through completely and conscientiously. The next step is to shift the thoughts from the problem and its details and instead to fix the mind on God. His idea is that bringing God into a situation as the central idea, in due course problems will be clarified and the right answer found. This technique is based on the fact that a spiritual approach to problems creates the quiet mind out of which right thinking becomes possible.

So my friend prayed with this couple. He started them thinking about God rather than about themselves and their troubles. By practicing this procedure they were able to get a proper perspective. By centering their attention on God and by spiritually sharing their problems with others, they learned to think objectively and therefore soundly. As a result, the wife got hold of herself so completely that she became a well person. The man is once more effective in business. They are now two happy people — all because they learned to use the golden key to happiness.

THAT IS A GREAT SECRET. In your difficulties and your troubles try thinking about God. When problems come at you from every direction and seem to baffle you, apply that simple rule. If you think only about your worries, you will feel tired, ineffective and lifeless. Think about God and serve others. This will keep your energies strong and your mind will become quiet and peaceful. It will then serve you well in an efficient working tool with which to attack your problems. Thinking about God is not merely a religious matter, but it is also a tremendous mind-conditioning technique.

England's famous Cardinal, John Henry Newman, once wrote a prayer which expresses this better than I can:

"I need Thee to teach me day by day, according to each day's opportunities and needs. Give me, O my Lord, that purity of conscience which alone can receive, which alone can improve Thy inspirations."

"My ears are dull, so that I cannot hear Thy voice. My eyes are dim, so that I cannot see Thy tokens. Thou alone canst quicken my hearing and purge my sight, and cleanse and renew my heart."

"Teach me to sit at Thy feet, and to hear Thy word." This is the golden key to happiness.

## THE EVIDENCE OF THINGS NOT SEEN

How do you know the sun is shining when the world is steeped in shadow? How can you believe that day is at hand when night seems all around? • The fringe of gold on the darkest clouds, the rays of light streaming over the distant horizon, the shimmering paths of silver across the shadowy waters . . . these are the evidence of what we cannot see . . . the promise of dawning day. • Well did the Biblical writer describe faith as "the evidence of things not seen." For in man's darkest hour faith is his assurance that God is near . . . that God cares. • Religious faith is no panacea, to drive away dark clouds. The somber clouds as well as the blue skies belong to life. But faith is man's pathway of promise, beckoning across the dark waters to the bright horizon. • We all need that pathway of promise. Adults need it to meet and overcome the many disturbances of life. Children need it to grow into courageous, moral men and women. • The Church continually teaches faith in God. And regular worship deepens faith. Attend the church of your choice . . . attend it regularly.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Inside Labor

By Victor Riesel

You must look behind the Sherman tanks, machine gun nests and troops guarding a plant in little New Castle, Ind., to see why Walter Reuther, leader of 1 1/2 million auto unionists, is willing to spend his entire 25 million dollar strike fund to fight off four small factories employing only 2,185 workers.

There's a mighty big issue being fought in the Hoosier town — an issue carefully watched and discussed by the White House, the government's labor experts and top labor leaders, too. A terrific national precedent may be set in eastern Indiana.

Most insiders are watching to see if the giant Auto Workers' Union, headed by the president of CIO itself, can be thrown out of three of the four Perfect Circle Corp. plants in two Indiana communities by the workers themselves.

Perfect Circle Corp. plants are trying to dump these unions from the company's factories in Hagerstown and Richmond, Ind.

This they have done by getting a legally required 30 per cent of the employees to sign petitions to the National Labor Relations Board asking that the board run an election in which they can vote for or against the CIO Auto Workers Union of which Reuther is the symbol.

The National Labor Board has held one hearing on the requests and now must decide whether or not to run such a decertification election.

THE THREE PETITIONS are numbered Cases 35-RD-65, 35-RD-64 and 35-RD-35. They are duly filed and signed. They say that the petitioners do not want Auto Union Local 832 to speak for the 246 workers in Perfect Circle's machining plant or Auto Union Local 1203 to speak for the 146 employees in the "sleeve" casting plant, both in Richmond, or Local 156 to represent 721 machining and tool room employees in Hagerstown.

That's blunt talk. A group of workers are saying, in effect, that they want no part of Walter Reuther's leadership. This is no mere local challenge.

So the strike at the fourth Perfect Circle Plant, the one now under martial law in New Castle, became tough as the Auto Union insisted that it continue to repre-

Victor Riesel

IT'S NOT GENERALLY known but the members of at least 105 unions throughout the land throw their locals and leaders out of as many factories each year. That's the record in the files of the National Relations Board.

Now some members of three of Walter Reuther's locals at the Per-

fect Circle Corp. plants are trying to dump these unions from the company's factories in Hagerstown and Richmond, Ind.

Most of the poultry and eggs were delivered in the area embraced by Cleveland, Akron, Youngstown, Pittsburgh and Erie. The plant employs 83 persons.

Two directors-at-large were elected, R. Dale Miller of Lisbon, re-elected, and Ralph Schneider of North Georgetown, who replaces J. Owen of Carroll county, who for health reasons was not a candidate. John Pavick of Dell Roy, a new member, was elected a director from Carroll county.

now British air attaché in Brussels, is on leave.

Lord Rothermere's Daily Mail declared flatly in a front-page article: "Princess Margaret and Capt. Peter Townsend plan to marry. That is the deduction drawn from the Clarence House statement."

Have Quiet Breakfast—Even as Britons scanned their morning papers eagerly for the latest details of the royal love story, the Princess and Townsend breakfasted quietly here in an old country house 10 miles from Windsor Castle and about 25 miles west of London.

They met as darkness fell Friday night at Allenby Hall, a stately red brick mansion of Margaret's cousin, Mrs. John Lyet Willis.

The couple drove separately from London. For most Britons, it was a secret meeting. In fact, when he left the home of his London host, the marquis of Abergavenny, and headed west at the wheel of his snappy French car, Townsend was reported en route to see his widowed mother Mrs. Gladys Townsend at her Somerset cottage.

Townsend arrived at Binfield early in the afternoon. He went for a ride with Mrs. Willis while waiting for Margaret. Mrs. Willis, a niece of the Queen Mother, is the wife of a tobacco magnate.

Meanwhile, the Princess had slipped out of Clarence House by a little-used side entrance. She drove off in her black Rolls-Royce, with the shades down, and arrived at Binfield about three hours after Townsend. With her was her lady in waiting Iris Peske, who received Townsend's letters and passed them on to Margaret during the two years he has spent in "exile" in Brussels.

Margaret's car moved slowly up the tree-shaded drive leading to the Willis' mansion, and the gate to the estate swung shut.

More than 10 newsmen from all parts of the world saw the Princess arrive. She was tucked well back into the corner of her limousine.

## By-Pass Takes Rt. 42 Around Ashland

ASHLAND, Ohio (AP)—A two million dollar by-pass, 7.7 miles long, took U.S. 42 traffic away from downtown Ashland today after some ribbon cutting ceremonies.

The two-lane stretch of highway, wide enough for four lanes if needed later, skirts the eastern and southern edges of the city. It was completed six weeks ahead of schedule.

Gov. Frank J. Lausche and the state director of highways, Samuel O. Linzell, came here for the formal dedication today.

The by-pass had been sought for years by various civic organizations, including the Route 42 Assn. Traffic surveys showed that on peak days, U.S. 42 poured 800 to 1,200 vehicles into the city's main street.

White reported at the same time, however, that the President already had progressed to a point where development of dreaded complications was unlikely—would, in fact, be a rarity.

And the doctor outlined a more liberal hospital routine starting today. During this fourth week of recovery, White said, Eisenhower could count on being permitted to sit up a bit for the first time.

there are flowers all over the hospital," James C. Hagerty, White House press secretary, told newsmen.

And he added with a happy Irish smile of his own that "The President and Mrs. Eisenhower are deeply appreciative of the expressions of good wishes they have received."

Heart Healing Satisfactorily—Probably the finest birthday present Eisenhower received was word from his Fitzsimons Army Hospital doctors that Friday, for the first time, his cardiogram—indicating status of the heart healing process—had "stabilized at a satisfactory level."

Only last Sunday, Dr. Paul Dudley White, eminent Boston heart specialist, reported that stabilization—an eagerly awaited milestone—was slow in coming in Eisenhower's case. And White indicated it might have been longer in coming than it actually was.

White reported at the same time, however, that the President already had progressed to a point where development of dreaded complications was unlikely—would, in fact, be a rarity.

And the doctor outlined a more liberal hospital routine starting today. During this fourth week of recovery, White said, Eisenhower could count on being permitted to sit up a bit for the first time.

# Quakers Rip Newton Falls 38-6 For First Win Of Season

## Lineup Changes Click For Salem

Dads Of Players Sit Out Contest In Rain

By CARL NADRASY

The "Dads" were rain-soaked but happy last night—their sons won. And the boys won it in grand style.

The Salem Quakers, playing before some 1,000 fans in a continuous drizzle, struck early in the first quarter and were never headed as they humbled the Newton Falls Tigers 38-6 at the annual "Dad's Night" game at Reilly Stadium last night.

Capitalizing on breaks they made themselves and using long runs in cashing in, the locals seemed confident of victory after their first score with only one-third of the first period gone.

Coach Ben Barrett's rejuvenated lineup clicked as well on de-

fense as it did on offense. Crashing ends were responsible for a blocked punt that led to an early score and continually put pressure on the Tiger quarterback until he was forced to keep the visiting offense strictly on the ground.

Statistic-wise, Newton Falls played right along with the locals. In total first downs both teams were tied with 12 apiece. The Salem ground attack led both teams with a margin of only 15 yards as they compiled 210 yards rushing to the Tigers' 185.

Passing seemed to hold the key to victory as Salem gained 47 yards through the air to only two aerial yards for the Falls team. Quaker passers completed four out of nine attempts, while the Tiger quarterback made one out of five attempts good.

**JACK ALEXANDER**, playing right end last night, continued to lead the Salem scorers as he tallied two of the locals' six touchdowns. Halfback George Burrier plays that went for 36 and 16 yards also scored twice on identical plays that went for 36 and 16 yards. Fullback Lani Waiwaiole and halfback Larry Hepler scored the other two Salem tallies. Quarterback Benny Jones made good two of his six extra point placements.

Local fans were given an early chance to cheer as the Quakers scored 12 plays after taking the opening kickoff. The locals worked the ball for four first downs down to the Newton Falls 11-yard line.

After halfback Larry Hepler picked up three yards up the middle to the visitors eight-yard strip, a quarterback Skip Yeager to end Alexander jump pass put the Quakers out to an early lead. Quarterback Benny Jones' placement was wide to make the score 6-0 Salem with seven minutes and 11 seconds to go in the initial period.

The Salem defense set up the next local score when the visitors were forced to punt out of danger after failing to pick up the necessary yardage for a first down in their first series of plays from scrimmage. Quarterback Bob McCutcheon's punt attempt was blocked by charging left end Herb Haschen and recovered on the Newton Falls 36.

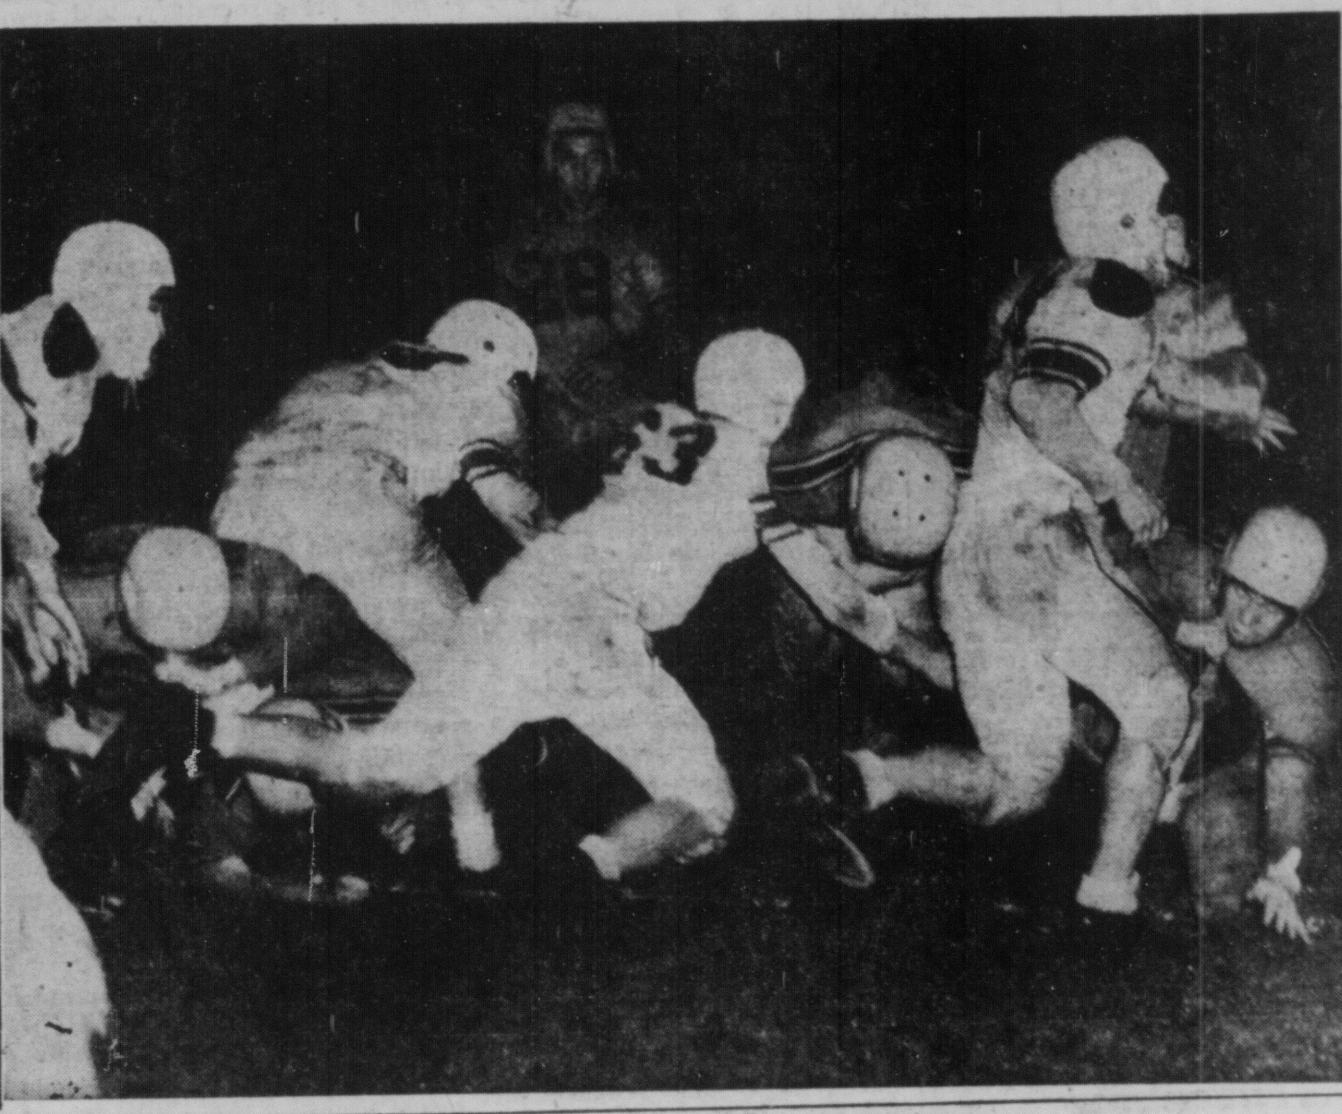

Three plays later halfback Burrier took a delayed handoff from quarterback Yeager and skirted right end down the sidelines for a 36 yard touchdown run. Jones' placement split the uprights to make the score 13-0 Salem with four minutes and nine seconds remaining in the first quarter.

**NEWTON FALLS** was unable to move the ball again in four plays and punted out to the Salem 25 yard line. The locals were also unable to gain ground on their next series of plays and Alexander came up with a 54 yard punt from his own 32 to the visitors' 14-yard stripe.

Into the second quarter, Newton Falls again stalled on their first series of plays and punted to the 50-yard line where quarterback Ted Jackson returned the ball to the opponents' 31 yard marker.

Three plays later halfback Burrier scored his second TD on the

## Camera Catches Action As Sebring High Hands Lisbon 1st Loss

At top left, Kenneth Russell scores the first touchdown for Sebring as the undefeated Trojans beat the previously unbeaten Lisbon Blue Devils 26-6 in Lisbon last night. Russell appears just short of the goal in the photo, but his forward progress may have taken him over the goal line. The effective Sebring blocking can be seen in the picture as Trojan blockers have cleared the way for Russell. At top right, Lisbon sophomore back Bill Minton scampers for a six yard gain with no blockers ahead of him against Sebring in the fourth quarter. Minton was brought down by a host of Sebring tacklers. Visible in the picture are Russell (28), Rich Augustine (27), Carl Stillwagon (38), Thomas Tuel (68) and Donald Crawford (45).

At bottom left, Donald Tuel scores the second TD of the evening for Sebring in a plunge through the Lisbon line. At bottom right, Donald Tuel again tallies for Sebring, notching the Trojans' fourth TD in the final quarter as he plunges, head downward, across the goal. Hitting him at goal line is Lisbon's Denny Reese (63).

## Sebring Downs Lisbon 26-6

Kolesar, Star Trojan Halfback, Breaks Leg

The Sebring Trojans defeated the Lisbon Blue Devils 26-6 in a rain-swept grid game at Lisbon Friday night—but they paid a heavy price for their victory.

Big John Kolesar, star Trojan halfback, broke his right leg below the knee and dislocated his right ankle in the third quarter of the game. Kolesar was admitted to Salem City Hospital where his condition is reported good today. Kolesar will see no more grid action this year, Coach Chet Tetlow said.

The undefeated Trojans, who previous to last night's game had held their opponents to a total of six points, scored their touchdowns in the first frame (2), the second and fourth.

Lisbon, also undefeated for the season prior to Friday's contest, scored its lone TD in the third period.

Halfback Kenneth Russell drew first blood for the Trojans, plunging over from two yards out. Halfback Donald Tuel scored the second touchdown in the first frame for Sebring on a three-yard run.

In the second period, quarterback Arthur Tuel passed to end Larry Close for the Trojans' third score. Halfback Donald Tuel scored Sebring's last touchdown on a two-yard run.

Sebring quarterback Arthur Tuel passed to end Buddy Rogers for two extra points.

Lisbon's "freak" touchdown occurred when end George Ramsey recovered his own kickoff in the Sebring end zone.

Sebring scored 11 first downs to Lisbon's 10 during the contest.

Previous to Friday's game, Sebring hadn't defeated Lisbon in the past 10 years.

Although Kolesar scored no TDs for Sebring last night, he turned in several large ground gaining plays and could always be counted on to pick up crucial yards when a first down was needed.

His absence is expected to be keenly felt by Sebring the rest of the season.

Louisville plays at Lisbon next week and Sebring faces Middlebranch.

## Duke, On Seven-Game Winning Streak, To Play OSU Today

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Duke's Blue Devils, riding a seven-game winning streak, banged into Ohio State's 1954 national champions today in an intercollegiate grid game before a crowd of 82,700.

It's a clash of conference and bowl champions, and the odds-favorites have tagged it an even-stevens fray.

Ohio won the Western Conference and Rose Bowl crowns last season while the Blue Devils were taking the Atlantic Conference and

Orange Bowl laurels. Duke wound up with four straight wins last year, and has romped over North Carolina State, Tennessee and William and Mary by a 101 to 14 margin.

The Bucks, with only half their regular backfield ready to go today, have won 12 of the last 13, a 6-0 loss to Stanford this year being sandwiched between wins over Nebraska and Illinois. Ohio has outscored the foe 55 to 38.

The Blue Devils are ranked 11th in the nation, and the Bucks 14th, as they meet each other for the first time.

With regular fullback Don Vico and right halfback Jerry Harkrader on the shelf with injuries, Ohio's offense centers around All-America halfback Howard (Hopalong) Cassidy who suffered a pulled muscle Wednesday but was pronounced ready for the game. "Hoppy" has picked up 302 yards rushing and five touchdowns in three games.

Duke's big guns are halfbacks Bob Pascal and Bernie Blaney on the ground, and quarterback Sonny Jurgensen through the air. The two halves have gained 420 yards in 61 runs, and Jurgensen has completed 13 of 21 passes for 171 yards. Pass defense has been Ohio State's most vulnerable spot, the Bucks having given up 430 yards through the airways, while the Dukes have surrendered only 499 yards in all departments.

Sao Paulo, Brazil—Alfred Prada, Argentina, and Sebastiao "Gibi" Ladislau, Brazil, drew, 10. (Lightweights).

## Unscored-On Irish Face Spartans Today

By ROBERT E. VOGES

EAST LANSING, Mich. (AP)—An unmarked Notre Dame goal line is today's target for the Michigan State football forces.

The Irish, undefeated idols of a large section of football fans, have beaten and shut out Southern Methodist, Indiana and Miami so far this season.

"They've won 11 in a row since an upset by Purdue in the second game last year.

Michigan State is trying to claw its way to a comeback after a 3-6 won and lost season in 1954, including a 20-19 edging by Notre Dame. The MSU Spartans took Indiana and Stanford this year and lost by one touchdown to Michigan.

"Possibly the toughest test of our season," said Notre Dame Coach Terry Brennan of the meeting.

"Notre Dame is always rough, and this year we think they're even better than last year," said MSU Coach Duffy Daugherty.

## Browns Favored By Nine Over Redskins

CLEVELAND (AP)—The Cleveland Browns are favored to win tomorrow by nine points against the Washington Redskins who beat them by 10 points only three weeks ago.

Since that 27-17 loss, during which quarterback Otto Graham looked so rusty he spent most of the second half on the bench, the Browns have caught fire offensively with victories over San Francisco and Philadelphia.

Last Sunday, when the Browns pulled a 21-17 triumph out of the final four minutes of play against Philadelphia, the only Brown player who sat on the bench the whole game was Graham's understudy, George Ratterman.

Quarterback Eddie Le Baron, back with Washington after playing in the Canadian pro league, personally passed and ran the Redskins to their first conquest of a Cleveland club in 10 National Football League games.

Little Eddie was not so sharp last week when Washington suffered its first reverse of the season, a 24-10 defeat by the Chicago Cardinals. Chances are Coach Joe Kuharich will give Ralph Guglielmi, former Notre Dame star from Columbus, Ohio, more opportunity to pass in Sunday's game at Washington.

Sao Paulo, Brazil—Alfred Prada, Argentina, and Sebastiao "Gibi" Ladislau, Brazil, drew, 10. (Lightweights).

## Nashua To Race Today Despite Soaked Track

NEW YORK (AP)—Nashua makes the last start of his brilliant 3-year-old career in the \$75,000-added Jockey Club Gold Cup today and not even the prospect of a muddy racing strip at Belmont Park is going to stop him.

"He'll start unless something happens to him between now and race time," said Trainer Sunny Jim Fitzsimmons after a heavy rain had soaked the track for hours. "He has not run his best over off tracks but this is his last start of the year and he'll definitely be on hand."

The powerful running star of William Woodward's Belair Stud three other 3-year-olds and the 4-year-old Chevalon from William DuPont's Foxcatcher farm were lamed for the 2-mile test.

Syracuse, N. Y.—Tony Baldoni, 159½, Wilkes-Barre, Pa. outpointed Ray Drake, 157½, Brooklyn, 10.

# Southern Cal Trips Wisconsin, 33-21

By TED MEIER  
The Associated Press

If Southern California's victory over Wisconsin in any indication this may be a day of upsets in college football.

The Trojans walloped the Badgers from the Big 10, ranked sixth nationally, 33-21 in a Friday night scrap before 75,162 in Memorial Coliseum at Los Angeles.

This could point the finger at Michigan, Maryland, Oklahoma, Notre Dame and Georgia Tech, the five teams ranked above Wisconsin in The Associated Press poll. All were favored to win today and a football takes some funny bounces and come sundown Northwestern, North Carolina, Kansas, Michigan State and Auburn might have reason to do some crowing.

Denver was favored to whip Utah, but was upset by the Red skin 27-7 in another Friday night encounter. The defeat erased Denver's title hopes in the Skyline Conference.

Vanderbilt battled hard against a reluctant Chattanooga line to win 12-0. Halfback Charlie Horton scored the first TD and halfback Joe Seales the other. Dave Orr, a skinny 148-pound halfback, scored three touchdowns to lead Colorado Mine to a 26-14 victory over Colorado College in the Rocky Mountain Conference.

Heavy rain postponed Detroit at Boston College until tonight. Cloudy skies and mid-50 temperatures were forecast at East Lansing, Mich., as Notre Dame, unbeaten, untied and unscored upon, took on Michigan State. Light showers were possible.

Oklahoma, ranked No. 3, figured to have yet another winning homecoming for the old grads, opening the Big Seven conference season against Kansas. The Sooners, set to stretch their winning streak (longest active string among the colleges) to 23 games. They've already repeated the law of averages in the Big Seven — going through 47 straight games without a defeat in the conference.

Michigan, No. 1 in the nation, and Maryland, dumped to No. 2

## Rayen Is Smashed By Potters 47-7

In a one-sided grid contest played on their home field Friday night, the East Liverpool Potters smashed a hapless Youngstown Rayen squad 47-7.

The contest gave the Potters, rated third in the state in last week's Associated Press sportswriter poll their fifth victory in as many starts this season.

East Liverpool scored twice in the second frame, first on a pass from quarterback Potts to end Perkins, and the second TD on a 17-yard run by Potts.

Rayen tallied its lone score in the second on a 26-yard pass from quarterback Davis to end Frost.

In the other intersectional meeting, Baylor tested unbeaten Washington at Seattle.

Three important conference games also highlighted the day's schedule. Georgia Tech, No. 5, was confronted by Auburn's big bid for a Southeastern Conference crown; Texas Christian No. 7, had a chance to further its Southwest Conference ambitions against Texas; and Cornell and Yale, co-champs of the Ivy League last season, met at New Haven, Conn.

Navy, No. 8 and UCLA No. 9, had semisoft pickings while West Virginia, No. 10 was expected to maul William and Mary. The Mid-dies, also unbeaten and unscored upon, were confronted by mud and Penn State, UCLA, tops defensively in the Pacific Coast Conference, ran into Stanford, tops offensively.

## Cards Acquire Two Minor League Players

ST. LOUIS — The St. Louis Cardinals have announced the purchase of two players from the International League clubs, the first player deals for the team since Frank Lane became general manager.

Acquired by the Redbirds yesterday were outfielder Archie Wilson from Toronto and shortstop Eddie Kaslo from Richmond, Va.

The purchase price was not announced.

Wilson, 29, was second in runs batted in in the International League with 118. Kaslo, 24, had a .267 batting average last season.

Vanderbilt Defeats Chattanooga 12-0

By BOB MYERS

LOS ANGELES — The weary Badgers of Wisconsin headed back to Big Ten country today, blasted out of the nation's unbeaten ranks and doubtless out of their No. 6 rating by once-defeated Southern California.

The score of the game, the best seen here this season and unfolded before 75,162 noisy fans, was 33-21. Halfback Jon Arnett, who exploded for 55 yards and the first of the Trojans' five touchdowns; his fullback running mate, C. R. Roberts, and a tremendous line proved too much for the visitors.

Coach Ivy Williamson's never-say-quit Badgers played without several key men, notably Jim Miller, who alternates with Jim Haluska at the quarterback spot.

But they caught a Trojan still riled over his 7-0 setback the week before to Washington and once USC got in front in a wild third quarter, there was no stopping him.

Arnett scored two touchdowns and gained 134 yards in 13 times with the ball for a 10.30 average. Roberts also scored twice, once on a 30-yard run.

Haluska was Wisconsin's big gun, passing for 232 yards with his 12 completions out of 21 throws.

He climaxed his brilliant performance with a scoring throw to halfback John Bridgeman that went for 78 yards. Fullback Charles Thomas tallied the other two Badger touchdowns on short bucks.

The Wisconsin running game was otherwise racked up by Trojan linemen, with Orlando Ferrante, Fabian Abram, George Call most conspicuous.

"I have no alibis, gentlemen. We lost to a very fine football team. It was a real game. All the Trojans bothered us."

So said Williamson to the press later.

Coach Jess Hill of USC was all smiles. This was his second win over Wisconsin. The first was in the Rose Bowl in 1953.

"We wanted that one and we went out and got it," Hill said. "Wisconsin has a good football team, but we wouldn't be denied. Yes, they are the best we have played this year."

Wisconsin held a 7-6 lead at half-time, and looked most impressive. But for a 47-yard return by Arnett in the second period, which put the Badgers in a hole, the margin might have been wider.

## Fairfield Comets Beat Jewett 34-6

Fairfield scored its third victory of the season Friday against two defeats when it defeated Jewett 34-6 on the New Waterford field.

Tom Lyon scored the first touchdown for Fairfield on a 30-yard pass from Paul Esenwein in the first quarter. Louis Groubert plunged over the two-yard line for another Fairfield TD in that period.

In the second period, Bob Chmura scored on a seven-yard run and Dave Brothers plunged over from the one-yard line for two more Comet touchdowns.

Brothers scored Fairfield's last touchdown on a 40-yard run in the third quarter.

Extra points, all made on runs, were scored by Chmura, two, and Brothers and Esenwein, one each. Jewett scored its lone TD on a four-yard pass from Gene Smith to Bob Hamilton.

The Comets will meet New Waterford next Thursday afternoon in a game played at New Waterford.

# Troop Membership Gains In Year Traced County Scout Council Hears Reports, Picks Fitch Chairman

Alfred L. Fitch was elected chairman of the Northern District, Columbiana Council, Boy Scouts of America, at the Council's annual meeting in Columbiana Thursday night.

Thomas Mercer of Salem and Willard Farrell of Columbiana were elected vice-chairmen.

Robert Potter, retiring district chairman, presided over the meeting. Each committee submitted reports for the past year.

Francis H. Lang of East Liver-

pool, president, traced accomplishments of Scouting during the past year. He pointed out that there has been an unprecedented growth in boy membership and that immediate action must be instituted to provide units for many others wanting to join. He praised the work of the volunteers who provided the program.

**35 Units In Northern District**

Ralph Martin reported for the Organization and Extension Committee. He cited growth in both

units and boys and that no units have been dropped for nearly two years. There are now 1,078 boys registered in 35 units in the northern district. At the close of 1954 there were 883 boys. A new pack is being organized in East Rochester.

Frank Huber, chairman of the Advancement Committee, stated that there has been an increase in all phases of advancement this year. To date 201 merit badges have been earned as compared to 160 last year.

The camping report, with Edmund Shuster as chairman showed 24.5 percent increase in long-term camping. Camporee attendance was also up. Twenty-eight Explorers took a canoe expedition into Canada.

The Leadership Training report as given by the committee chairman, A. L. Fitch, showed an increase in trained leaders even though many new leaders were added since the last training course.

**Financing Is Problem**

Howard Firestone reported for the Finance Committee, emphasizing that growth and the services required to support the active program in the Council raises grave problems of finance. "Increased budgets are required to keep pace with growth," he said, "and every community must do its share if we are to continue this character building program."

Wesley Houger, district commissioner, reported that commissioners staff had grown during the year and that volunteer commissioners were ready to assist any unit needing help.

Scout Executive Ross Ludwig told of a new four-year program entitled "Onward For God and My Country" to be launched next year.

He stated that the adult scouters must not lose sight of the fact that Scouting isn't provided to amuse the boy but to provide training for his future. He said that "the Boys' Life magazine provides the opportunity to develop good reading habits. Camping teaches self-reliance and skills of living together, and the oath and the law provide a code of life for the development of character. Scouters and parents must use the program to accomplish these objectives not just for recreation."

Mr. Potter congratulated all the volunteers on their excellent work in the Scout program.

Among those attending the annual meeting were Bryce Kendall, Advancement Committee, Dan Libby, Kenneth Hiscok, William Halfey and George Lafferty of Lisbon. William Lynch, Eugene

**HEADS BIBLE WEEK** — William J. Grede, of Milwaukee, Wis., is the national chairman for National Bible Week, Oct. 17 through 23, sponsored by the Layman's National Committee. He is president of Grede Foundation, Inc., and was 1952 president of the National Association of Manufacturers.

Hay, Fred Gibson, Emery Miller, Stanley Kell and Phillip Stratford of East Palestine; William Duffy, D. W. Bailey, Russell Barrow, Harry Toot, Gay Zellers, and Wilbur Garrod of Columbiana;

Keith Griffith, North Georgetown; Joe Woods, Washingtonville; Harry Ginther, and William Navojosky, Leetonia; Don Bailey, Hanover; Albert Vognole, East Fairfield. From Salem were Loren Pim, Floyd McQuilkin, Irwin Beck, A. L. Bricker, J. Ray Stiver, Robert Potter, A. V. Smith, Gail Herron, Lee Boone and Deane Phillips.

## Churches Ban Some Songs At Weddings

CINCINNATI (AP)—Roman Catholics in the Cincinnati Archdiocese may not be married to the strains of Wagner's and Mendelssohn's wedding marches.

John J. Fehring, superintendent of music for the Archdiocese, said such a ban was placed many years ago. He made the comment in reference to the prohibition issued by Samuel Cardinal Stritch in Chicago yesterday.

"Regulations covering all of those conditions mentioned by Cardinal Stritch have been in effect here for almost a generation," Fehring said. "The Cincinnati Archdiocese was one of the first to take steps along those lines."

Among songs on the forbidden index—banned because they are "unchurchly"—are "I Love You Truly," "Oh Promise Me," and "Because."

## Credits Home-Cooked Meals For Longevity

GOVERNMENT, N. Y. (AP)—Mrs. Melinda Richards, 100, Friday, credits home-cooked meals for her longevity.

"She's never had a meal in a hotel or restaurant in her life," said Lewis Cornell, her son-in-law.

## Winter Hits Hills

GATLINBURG, Tenn. (AP)—The great Smoky Mountains National Park had its first real taste of winter today, with more than an inch of snow and sub-freezing temperatures in the higher elevations. A heavy snowstorm swept the higher peaks beginning Friday at 5 p.m., park officials reported.

## RAID RACKET HANGOUT

CLEVELAND — Police and treasury agents raided a suspected policy racket hangout last night and discovered a 150-gallon still, 48 gallons of moonshine and 1,100 gallons of whisky-making mash.

Police described the place as one of the biggest bootleg operations unearthed here in recent years. Four persons were arrested in connection with the raid.

## KILLED IN COLLISION

CALDWELL, Ohio (AP)—A two-car, head-on collision on Ohio 340 two miles west of Belle Valley last night killed one man and injured five other persons. David A. Hays, 58, of Clarington, was killed and two 16-year-old Caldwell with serious injuries. High School girls were hospitalized.

## Warns Rise In Newsprint Price May Close Some Newspapers

NEW YORK (AP)—If newsprint prices are raised, it could result in the closing of some American newspapers and the impoverishment of others, Cranston Williams,

general manager of the American Newspaper Publishers Assn., said today.

Williams, in a statement on behalf of an organization representing more than 800 daily newspapers in the United States and Canada, called upon publishers to protest to their suppliers any rise in the price of newsprint at this time.

Last week Sir Eric Bowater, chairman of the Bowater Paper Corp. Ltd., one of the world's greatest newsprint manufacturers, predicted a rise in the price of newsprint. Bowater said that cost of newsprint production had risen appreciably and "we can't continue to absorb these mounting costs."

He had noted that the general price of newsprint had not been raised since the middle of 1952. Williams declared that any increase is unwarranted now because:

1. Newsprint manufacturers enjoy unprecedented prosperity now at the current price of \$126 a ton.

2. It is well known that American newspaper production costs in recent years have far outdistanced receipts from advertising and circulation.

3. In most areas the price of newspapers has reached the limit that can be obtained without serious losses of circulation.

4. Newspaper advertising rates in many areas may soon approach the point of diminishing returns for users of newspaper space.

5. Any additional cost of newspapers to their readers or advertisers will seriously threaten the stability of the American press which is in the front line of defense of America's basic freedoms.

Williams said that the long-run prosperity of the newspaper manufacturers themselves is involved because their present unprecedented high earnings are tied intimately to the full capacity which prevails throughout the industry today. He stated that any major reduction of newspaper advertising circulation will result inevitably in reduced consumption, which could upset the whole newspaper economy.

Warren, Ohio (AP)—Ceremonies mark the dedication today of Warren's new 2,500-seat \$1,400,000 Packard Music Hall, a gift of the late auto manufacturer, W. D. Packard.

Lausche disagreed with Senate Majority Leader C. Stanley McNamara (R-Athens) who told the crowd that "maybe only a few bonds will be needed."

McNemara said a probable surplus of about 50 million dollars for the state's two-year fiscal period might lessen the need for a big bond issue.

He based his surplus estimate on continued sales tax collections at the rate reported for the last three months. On that basis, he said, collections might hit 221 millions against administration estimates of about 191 millions.

He said the Legislature based its appropriations on anticipated collections of about 200 millions.

## Sen. Mundt Thinks Ike Will Seek 2nd Term

DALLAS, Tex. (AP)—Said South Dakota's Republican Sen. Karl Mundt: "I'm for Ike. I think he's going to run."

Mundt added in an interview that "if Ike runs, the Republicans definitely will win." But he added that the Republicans must have "a strong, appealing platform and a strong vice president."

Otherwise, he said, some Americans might not vote for Eisenhower because of a fear he might die in office.
